

Exhibit 4a.3: Description of Key Assessments for Diversity

<b>Student Teacher Evaluation (STR) RUBRIC</b>	<b>Teacher Work Sample (TWS) RUBRIC</b>
<b>Take into consideration students' diversity when planning styles of learning accurately</b>	Adapts assessment techniques to understand the individual needs of students
<b>Demonstrates behavior that indicates knowledge and sensibility towards needs, interests and students' development</b>	Utilizes significant variety of methods of instruction, activities, homework and resources. This variety makes a significant contribution towards learning.
<b>Establishes fairness and justice between students.</b>	Makes appropriate modifications to the instruction plan to attend to students 'needs. These modifications are fundamental in the analysis of students' learning, the best practices or contextual factors. This includes a clear explanation of why the modifications could improve the students' progress.
